Section 29: N $\frac{1}{2}$

The above-described lands were referred to in the petition and at the hearing and are hereinafter referred to as Tract B.

4. The oil and gas rights in Tract B are owned by numerous undivided interest owners.

5. Sohio owns all of the surface and mineral rights in the following described lands:

Township 10 South, Range 24 East, SLM

Section 25: E $\frac{1}{2}$ E $\frac{1}{2}$

Township 11 South, Range 25 East, SLM

Section 5: Lot 4
Section 6: Lots 1, 2, 3

The above-described lands were referred to in the petition and at the hearing and are hereinafter referred to as Tract C.

6. It appears clear from the core hole data from core holes drilled on and in the vicinity of the above-described land and from other data and studies that there are substantial valuable deposits of oil shale underlying Tracts A, B, and C. It

also appears clear from said information that the oil shale deposits underlying said tracts include the Parachute Creek Member of the Green River Formation of Tertiary Age which is defined as the "Oil Shale Section" in subparagraph (a)(1) of Rule C-28.

7. Sohio and Cliffs paid substantial sums of money for the leasehold rights and other rights to the oil shale in Tracts A, B, and C and have expended substantial sums of money for the development of oil shale.

8. The application of Rule C-28 and any succeeding rule of the same nature and for the same purpose will help to protect the oil shale resource in Tracts A, B, and C.

Petitioners submit the following in support of their Petition:

1. Petitioners together own the surface rights to Tract A and own all of the leasehold rights to the oil shale pursuant to a Mining Lease from Skyline Oil Company dated September 24, 1968 with a primary term of 75 years.

2. Petitioner Sohio owns the surface rights for most of Tract B and owns all of the leasehold rights to the oil shale in said tract pursuant to a Mining Lease from Skyline Oil Company dated August 28, 1968, with a primary term of 75 years.

3. Petitioner Sohio owns all of the surface and mineral rights in Tract C.

4. Petitioner Sohio holds unpatented oil shale placer mining claims covering Tract D.

5. Petitioners have done or have caused to be done substantial core drilling and geological studies to identify the oil shale resources in the above described lands. This drilling and geological work have established that there are substantial valuable deposits of oil shale underlying the above described lands. These oil shale deposits include the "oil shale section" as defined in subparagraph (a)(1) of Rule C-28.

6. Petitioners have expended substantial sums of money for the development of oil shale and continue to remain interested in oil shale development.

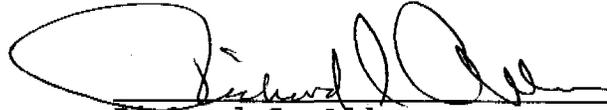

7. Petitioners believe that the application of Rule C-28 to the above described lands will help protect the oil shale resource in said lands for development.

WHEREFORE, Petitioners pray for relief as follows:

1. For a hearing on June 27, 1985 to consider Petitioners' request for an order designating the above described lands as an oil shale area.

2. For a final order designating the above described lands as an oil shale area and providing that Rule C-28 and any succeeding rule of the same nature or purpose apply to said lands.

Petitioners, Sohio Shale Oil Company and Cliffs Synfuels, Inc. This continuance is necessitated by reason of the June meeting of the Board of Oil, Gas and Mining being set for June 20 and 21, 1985, instead of June 27 and 28, 1985, as anticipated by the Petitioners, which change has created conflicts making it impossible for persons appearing on behalf of Petitioners to be present at the June hearing.

Your favorable consideration of this Petition will be greatly appreciated.
